Amazon.in Returns & Replacements Policy

Document ID: AMZ-IN-RETURNS
Marketplace: Amazon.in
Scope: Customer-facing return eligibility, replacement rules, inspection criteria, and refund timelines.

1. General Return Eligibility & Verification Criteria

Most physical items purchased from sellers listed on Amazon.in are eligible for return or replacement within the applicable return window, except those explicitly marked as non-returnable. A product qualifies for return if delivered damaged, defective, missing accessories, or noticeably different from the product detail page.

Returns are validated under strict physical and operational checks:

- **Condition Integrity:** The product must be returned in original condition with brand outer packaging, MRP tags intact, user manuals, and warranty cards.
- **Serial Number & IMEI Verification:** The returned product's serial number or IMEI must match the serial dispatched by the fulfillment center.
- **Personal Data Erasure:** For smart devices storing customer information, the buyer must log out and wipe all accounts before pickup.
- **Buyer's Remorse:** Accidental ordering or change of mind is not eligible for return unless the category specifically provides free returns.

2. Technician Visit & Evaluation Workflow

For major electronics and appliances (Smartphones, Tablets, Laptops, Televisions, Air Conditioners, Refrigerators, Washing Machines, and Microwaves), refunds or replacements are conditional on technician evaluation:

1. Amazon Home Services schedules a certified technician visit to the customer's delivery location.
2. The technician inspects hardware integrity, power-on states, and assesses whether damage occurred during transit or through customer misuse.
3. Resolution (replacement unit or refund) is authorized strictly according to the technician's digital assessment report.

3. Return Abuse Guardrails & OTP Inspection

Where Open Box Delivery or OTP doorstep inspection is offered, the customer's OTP confirms that the item is delivered complete and intact. Subsequent claims of missing parts or physical exterior damage are rejected. Accounts exhibiting abnormal return frequencies or suspected fraud are subject to account restrictions.

4. Category Return & Replacement Matrix

Category	Return Window	Resolution Type	Mandatory Conditions
Electronics, Laptops & Mobile Phones	7 Days	Replacement Only	Technician visit required for defect verification. Replacement if identical SKU in stock, else refund.
Large Appliances & Televisions	10 Days	Technician Visit & Replacement	On-site diagnosis mandatory. Original packaging and accessories required for pickup.
Clothing, Footwear & Apparel	10 Days	Free Return or Exchange	Unworn, unwashed, original tags attached. Exchange eligible for size or color variations.
Home, Kitchen & Small Appliances	10 Days	Free Return or Replacement	Full refund or replacement if received damaged or malfunctioning.
Books & Physical Media	10 Days	Replacement or Refund	Returnable for printing defects or transit damage. Shrink-wrapped media non-returnable if opened.
Amazon Digital Devices (Echo, Fire TV, Kindle)	7 Days	7 Days Replacement	Hardware warranty replacements handled through Amazon Device Service.
Kindle E-Books	7 Days	Full Refund	Self-service refund available within 7 days for accidental purchases.
Alexa Paid Skills & Subscriptions	3 Days	Full Refund	Refund available within 3 days via customer service. Digital consumables non-refundable.
Grocery & Gourmet Food	Non-Returnable	Refund / Replacement on Damage	Consumables cannot be returned. Full refund or replacement issued if delivered spoiled or damaged.
Beauty & Personal Care	Non-Returnable	Refund / Replacement on Damage	Hygienic seals non-returnable once opened. Full refund granted if seal broken in transit.
Customized & Engraved Products	Non-Returnable	Refund on Merchant Defect	Non-returnable due to customization. Covered under A-to-z Guarantee if seller erred.

5. Damaged Delivery Protection Clause

Items marked non-returnable remain protected against transit damage. If an item arrives broken, defective, or missing listed parts, Amazon customer support authorizes a full refund or free replacement upon review of carrier scans and customer evidence.
